The Lubin Company presents

"ON THE MEXICAN BORDER."

IF YOU HAVE A SICKLY YOUNGSTER TRY THIS FREE

The family with young children that is without sickness in the house now and then is rare, and so it is important that the head of the house should know what to do in the little emergencies that arise. A child with a serious ailment needs a doctor, it is true, but in the majority of instances, as any doctor knows, the child suffers from some intestinal trouble, usually constipation.

There is no sense in giving it a pill or a remedy containing an opiate, nor is flushing of the bowels to be always recommended. Rather give it a small dose of a mild, gentle laxative tonic like Dr. Caldwell's Syrup Pepsin, which, by cleaning out the bowels and strengthening the little stomach muscles, will immediately correct the trouble.

This is not alone our opinion but that of Mrs. N. H. Mead of Freeport, Kans., whose granddaughter has been taking it successfully and of Mrs. J. R. Whiting of Iowa, who gives it to her children and takes it herself. It is sold in fifty cent and one dollar bottles at every drug store, but if you want to test it in your family before you buy it send your address to Dr. Caldwell and he will forward a supply free of charge.

Dr. Caldwell does not feel that the purchase of his remedy ends his obligation. He has specialized in stomach, liver and bowel diseases for over forty years and will be pleased to give the reader any advice on the subject free of charge. All are welcome to write him. Whether for the medical advice or the free sample address him Dr. W. B. Caldwell, 541 Caldwell building, Monticello, Ill.

HUMANE EDUCATION

Splendid Address on a Timely Topic Delivered By Miss Lida Duke Woods—Work Here to be Organized

Following is the brief, but eloquent address delivered by Miss Lida D. Woods last Saturday afternoon before the Mason County Teachers' Association on "Humane Education." Her remarks ring with truth and should stir the hearts of every one to assist the effort to educate all to acts of kindness and mercy:

"The real object of the Humane Society is not so much the prevention of cruelty to animals as the prevention of the degradation of the human race. Cruelty and crime are the results of ignorance. In all humane education, the animal is used as a medium through which to reach the child. There are brutal scenes witnessed upon our streets almost daily; there are in Maysville today children surrounded by vile conditions, children who never touch, taste or handle anything clean or pure.

"It is the object of this Society to help the helpless, to prosecute every case of cruelty to animals, to remove children from improper homes and give them a chance to become useful citizens.

"We want to prosecute wife beaters, men who squander their earnings and refuse to support their offspring; we must see that factories employing children are obedient to the laws of the State. We want to bring to justice those who sell liquor to minors and exert other evil influences over the young. The leaders in this work of humanity must be the teachers—the guardians of the Nation's treasure.

"The criminals of the future are in our hands today. Shall we send them forth a credit to American civilization or shall we contribute them to the rogues' gallery?"

"We expend large sums annually on our Criminal Courts, Jails and Penitentiaries, we provide well for the punishment of criminals but what are we doing to prevent the making of criminals? I believe that the solution of all these problems lies in humane education, in the elevation of the human race above cruelty and crime, and that the teaching of humanity is the truest way to preach the Gospel of Jesus Christ.

"We must form the Mason County Humane Society. There will be no expense attached to this organization, as it is not practicable at this time to employ a paid officer. The men and women of Mason county must pledge themselves to do all in their power to protect every living creature, to prosecute every wrong-doer and see that lawbreakers get justice.

"There is law to cover every phase of this work; it is our duty to see that the law is enforced.

"We must organize Bands of Mercy among our children and thus become a part of the National organization which has its headquarters in Boston. Practically all the large cities have these bands among their schools.

"One of the last to do this was Washington City, where 11,000 children have been organized into 344 bands. Wherever these bands have been formed, the records of the Juvenile Courts have been greatly reduced. San Francisco is a notable example of this.

"A certain school in Scotland has from its beginning followed a system of humane education, and out of 7,000 students who have passed through its doors, not one has ever been brought into a Court.

"It has been said that humane education will unfit our boys for soldiers. It cannot follow that a merciful man will be less brave than a cruel one, but if the teaching of humanity were world wide, we would soon have no use for soldiers, and the battles of Nations would

be fought with ballots and other humane measures instead of bullets, bayonets and bombs.

"For the sake of Kentucky, the State we love, we must begin this work, and now is the appointed time. When Mason county has taken her stand, other counties will follow, and in the days to come, when the spirit of humanity is everywhere among us and every man is his brother's keeper, we may see our beloved State come unto her own."

CORN SHOW

The annual Corn Show will be held at Lexington in the College of Agriculture January 31 to 6th, 1911. Mason county is allowed ten entries from boys between the ages of 6 and 18. MAYSICK CORN SHOW

The Exhibition Last Saturday Was a Big Success—List of Prize Winners

The Corn Show held in the Mayslick High School Building last Saturday at 1 p. m. by the Mayslick High School Corn Club, was very successful and much praise is due Prof. R. F. Gaither, Principal of the High School, and all others connected with the affair.

Prof. McKinney of the State Experiment Station was present and acted as Judge and delivered a very acceptable address.

There were three classes of entries, three premiums in each class and 10 ears to the entry.

In the First Class—the Boy's Educational Division—Laytham Clift, Mayslick, aged 17 years, was awarded first premium of \$3. Leslie Arthur and Elmer Osborne taking second and third. There were 8 entries.

Second Class, six entries, Laytham Clift, first; Paul Collins, second, and Ferman Arthur, third.

Third Class, thirteen entries, Ben Smith, first; W. D. Phillips, second and Joel Laytham, third.

Miss Mary Robb's recitation was a pleasant feature of the affair.

The afternoon's exercises closed with an exciting game of basketball between the Mayslick High School team and the Flemingsburg High School team, the score being 33 to 16 in favor of the Mayslick girls.

GO TO THE RESCUE.

Don't Wait Till It's Too Late—Follow the Example of a Maysville Citizen

Rescue the aching back. If it keeps on aching, trouble comes. Backache is kidney ache. If you neglect the kidneys' warning, Look out for urinary trouble—diabetes. This Maysville citizen will show you how to go to the rescue.

M. C. Chisholm, 317 East Second street, Maysville, Ky., states:

"The cure Doan's Kidney Pills effected in my case some years ago has been permanent, and the public testimonial I then gave in their favor still holds good. I was bothered a great deal by too frequent passages of the kidney secretions, this weakness being especially annoying at night, when I was obliged to arise several times. Having my attention called to Doan's Kidney Pills, I procured a box at J. J. Wood & Son's drugstore, and had taken them only a short time before I noticed a marked improvement. They soon cured me, and I have since learned of several other cases where they have been used with good results."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—take no other.

RESOLUTIONS OF RESPECT.

Whereas, Our beloved and highly esteemed friend and business associate, Charles B. Pearce, Cashier of the Farmers' and Traders' Bank of Maysville, Ky., has been taken from us by death; therefore, be it

Resolved, That we have been deprived of one who was ever courteous and gentlemanly to all in the conduct of our business, and of an invaluable officer. We whom he so faithfully and efficiently served deeply deplore this great loss, and as a Board of Directors extend our deepest heartfelt sympathies to his sorrowing family in their sad bereavement, and we pray that "He who is an ever present help in trouble" may sustain and comfort them; Be it further

Resolved, That a copy of these resolutions be spread on the records of the Farmers' and Traders' Bank, a copy sent to his bereaved family and one to each of the Maysville papers for publication.

THE MONODIET

about which we hear so much, does not mean living on one food exclusively, but on foods that harmonize.

Certain elements of nutrition are essential to health, but all these elements cannot be obtained from any one food—hence the necessity of a variety.

Deficiency of one or more of these elements, such as iron, for instance, in the blood will cause anemia, run-down condition and sleeplessness.

If you are one of the unfortunates who have drifted into this state, change your diet, eat foods that are rich in the mineral elements of nutrition, and take Vinol, our delicious cod liver and iron tonic, which contains no oil and supplies iron to the blood in the most easily assimilated form.

Vinol creates an appetite, aids digestion, makes pure, healthy blood. In this natural manner it builds up the run-down, weak and debilitated. If you don't find this to be a fact we will return your money if you will try a bottle. John C. Pecor, Druggist, Maysville, Ky.

At Lawrenceburg the High School Building was damaged by fire to the amount of \$2,500. About 300 pupils were in attendance, but all escaped from the building without injury.

Astounding Prosperity Figures

It is estimated that dividend and interest payments in the United States during the month of December will aggregate \$110,000,000, as compared with \$95,000,000 for the corresponding period in 1909 and \$103,000,000 in 1908. The total amount of money disbursed in dividends and interest for the twelve months of the current year will reach \$1,583,500,000, as compared with \$1,397,718,000 for the year 1909, an increase of \$185,782,000.

A Billion in Bank Resources

During the fiscal year of 1910 the combined resources of the 7,000 National Banks of the United States grew to approximately \$1,000,000,000. On September 1st last their loans and discounts had reached the immense sum of \$5,400,000,000—an amount never before equaled in the history of the National Banking system since its creation in 1864. At the same time they were counting nearly \$30,000,000 of overdrafts in their assets, a practice which there is no law to stop.

THE city of New York has more pupils in its schools than the combined schools of Chicago, Philadelphia, Boston and St. Louis. The enrollment is 700,000, an army eleven times as great as the Army of the United States.

PORTER CHARLETON, wife murderer, is to be turned over to the tender mercies of the Italian Government, and, as there is positive proof that he killed his wife, it is to be hoped that he will be tried, condemned and executed with the dispatch that sometimes characterizes these foreign governments.

BUT "the great sad heart of humanity" must continue to beat in depression and the needs of the people must be left to take care of themselves.—Chicago Daily Journal.

Take something for your liver. Anyone who can emit a lugubrious squeal like this over a President's message needs physics.—Louisville Herald.

THE Lexington Herald—the Walton end of it, at least—makes a woeful effort to quote anything from THE PUBLIC LEDGER correctly. Recently THE Herald declared THE LEDGER said that JOE PULITZER ought to have been defeated as soon as he landed in this country. What we said was that PULITZER should have been deported as soon as he landed in this country. And in Monday's Herald Colonel WALTON again gives THE LEDGER the hook when it said we said: "We haven't got over carrying our corn to mill with a rock in one hand and the corn in the sack." What we said was that "we haven't got over carrying our corn to mill with a rock in one end of the sack. Don't you remember how the hayseeds used to carry their corn to mill just that way?"

WENDELL PHILLIPS was, on one occasion, lecturing in Ohio, and while on a railroad journey going to keep one of his appointments, he met in the car a crowd of clergymen returning from some sort of convention. One of the Ministers felt called upon to approach Mr. PHILLIPS, and asked him, "Are you Mr. PHILLIPS?" "I am sir." "Are you trying to free the Niggers?" "Yes sir; I am an abolitionist." "Well, why do you preach your doctrine up here?" "Why don't you go over into Kentucky?" "Excuse me, are you a Preacher?" "I am, sir." "Are you trying to save souls from hell?" "Yes, sir; that's my business." "Well, why don't you go there?" The assailant hurried into the smoker, amid a roar of un-sanctified laughter.

In the United States there is the greatest diversity of opinion as to what should constitute grounds for the annulment of marriages.

Diverse Divorce Laws.

In South Carolina the Courts accept no reason at all. Once married there you must stay married forever, so far as South Carolina is concerned. But seeing that other neighboring States will freely divorce South Carolinian couples who appeal to them, it is not supposed that this State's singularity has any important effect on the divorce record of the country. This touches on the great difficulty divorce reformers have to encounter. They say that if every State but one in the Union declined to grant divorces, tens of thousands would travel to the one State that would sever them from their mates, and only the poorer people would be prevented from securing their freedom.—Toronto Mail and Empire.

THE PIPE That Came From WILLIAMS'.

Apologies to W. W. D.

I love it, I love it, my pipe, that pleasant smoke; To me it is better than music, with all its minor notes.

I love it, I love it, my pipe I wouldn't sell; Because it came from Williams', the pipe I love so well.

Every morning for an eye-opener I would hit my trusty pipe. And every care and trouble would surely take its flight.

I love it, I love it, at liberty or in a prison cell; Because it came from Williams', the pipe I love so well.

After supper every evening, by my grate fire warm and bright,

My wife, a book, an easy chair and then my faithful pipe.

I love it, I love it, like I do my baby "Nell,"

Because it came from Williams', the pipe I love so well.

Now, for Xmas, don't send me cigars, for I do not like the taste,

And, as for cigarettes, I know they would go to waste.

You can send me a can of tobacco for the pipe I love so well.

The pipe that came from Williams', the pipe I wouldn't sell.
